

Planning to build or convert your own home?

You're in exactly the right place.

Stand S719 | Sandown Park | 28 June 2026

SOUND FAMILIAR?

Most self-builders hit the same three walls.

- 1 Not sure what they want to build — or if it's even feasible
- 2 Can't get a real handle on the budget before committing
- 3 Don't know how to manage the process once it kicks off

Home Build Hub is built around solving all three →

OUR THREE PILLARS

Every project succeeds or fails in one of three areas.

PILLAR 01

Design

Layout, space planning,
planning permission.

Getting it right before
spending money.

PILLAR 02

Costs

Budget, true land cost,
feasibilities, QS's and
consultants.

Know your numbers before
you commit.

PILLAR 03

Production

DIY vs contractors,
procurement, site
management.
YEEHAH – Cowboy time

Choosing and managing the
right build route.

WHY IT WORKS

Not another Facebook group. A structured path.

FREE SOCIAL MEDIA GROUPS

- ✗ Random advice with no accountability
- ✗ Anxiety-fuelled emotional decisions
- ✗ No structure — just noise
- ✗ Cold questions to strangers at 11pm

HOME BUILD HUB

- ✓ Road map tied to your actual project
- ✓ Decisions based on facts, not emotion
- ✓ Weekly structured check-ins
- ✓ Expert QS and PM on every live call

YOUR EXPERT IN THE ROOM

Richard Sylvester

Quantity Surveyor

Project Manager

Commercial Lead

Most self-builders don't have a QS, PM, and Commercial Lead in their corner.

Home Build Hub changes that — with live answers on your actual project, every Week.

Come and say hello.
